

# ANKIT SHARMA

Champawat, Uttarakhand

+91-8394077052    ankit676756@gmail.com    LinkedIn    Github

## TECHNICAL SKILLS

**Languages:** Python, C++, C, JavaScript, SQL, NoSQL  
**Technologies/Frameworks:** React, Next.js, Node.js, Express, Redux, MongoDB  
**Developer Tools:** Postman, Vercel, Netlify, GitHub, Git, Linux

## EDUCATION

**Indian Institute of Information Technology Bhagalpur** Jul 2023 – Present  
*Bachelor of Technology in Mathematics and Computing (CGPA: 8.58/10)*  
*Bhagalpur, Bihar*  
**Holy Wisdom Academy (CBSE)** Jul 2020 – May 2022  
*Intermediate Score: 93.6%*  
*Champawat, Uttarakhand*

## RELEVANT COURSEWORK

- Data Structures & Algorithms
- Artificial Intelligence
- Mathematical Finance
- Operating Systems
- Object-Oriented Programming
- Web Development
- Database Management Systems
- Optimization Techniques

## EXPERIENCE

**Backend Developer Intern** Dec 2025 – Mar 2026  
*Springer Capital Investments LLC* Remote

- Developed and maintained **backend modules** for data processing, database interactions, and API-driven workflows in a production environment.
- Implemented **input validation**, **exception handling**, and **null-safety checks**, improving application reliability and reducing potential runtime failures.
- Contributed to **secure data management** by handling sensitive information and supporting **PII pseudonymization** workflows.
- Improved code quality through **refactoring**, **type-checking enhancements**, and modular design, resulting in more maintainable and scalable code.
- Collaborated with distributed teams using **Git**, code reviews, and **Microsoft Teams** within an Agile development environment.
- Performed **debugging**, testing, and feature enhancements to ensure stable backend functionality and timely project delivery.

## Coding Platforms

- Solved **550+** Problems with a **1800+** rating on **Leetcode** [Link](#)
- Solved **700+** DSA problems across LeetCode, GeeksforGeeks, and Codeforces.
- Achieved a **3-Star Rating** on **CodeChef** with a **Max Rating of 1716** [Link](#)

## Achievements/Extracurriculars

- Completed the six-week **Summer Analytics 2024** course by the Consulting and Analytics Club, **IIT Guwahati** [Certificate](#)
- Secured **Global Rank 1803** in **Leetcode Weekly Contest 503**, placing in the top **7%** of over **13,000** participants.  
Global Rank **148** among **3,000+** participants in **CodeChef Starters 216**.

## PROJECTS

**EasyHire - AI Job Portal** | [Live Demo](#) | [GitHub](#) | MERN, Python, NLP, Redux Sep 2025 – Jan 2026

- **Microservice Architecture:** Orchestrated a **Python/Flask** NLP service communicating with a **Node.js** backend via REST APIs to parse resumes using **spaCy**.
- **Secure Access Control:** Implemented Role-Based Access Control (**RBAC**) using **JWT** to distinctively secure features for Recruiters and Candidates.
- **Smart Algorithms:** Designed a matching algorithm that ranks job listings based on skill intersections between candidate profiles and job descriptions.
- **Cloud Infrastructure:** Deployed containerized services on **Render** (Backend/AI) and **Vercel** (Frontend), utilizing Cloudinary for scalable media storage.

**Chat Application** | [Live Demo](#) | [GitHub](#) | MERN, Socket.IO, Redux Jun 2025 – Aug 2025

- **Real-Time Architecture:** Built an event-driven backend using **Socket.IO** and Node.js to facilitate instant bidirectional communication (sub-100ms latency).
- **Advanced Security:** Implemented **JWT** authentication stored in **HttpOnly cookies** to eliminate XSS risks and secure user sessions.
- **Database Efficiency:** Optimized **MongoDB** schemas with compound indexing to accelerate query performance for message history.
- **Scalable Deployment:** Automated CI/CD pipelines for zero-downtime updates, hosting frontend on Vercel and backend on Render.
